Attention: Dean Glover, Sales.

Dear Dean:

I would like to express my gratitude and satisfaction to you for the excellent work Hunter-Davison has done for us in our building project. Most of the work has been done by Steve Burke and Dave, who have been more than generous in their efforts to complete the project.

In fact, all of your Hunter-Davison employees who have done their part for us, have been most considerate and helpful. I would, therefore, gladly recommend Hunter-Davison to any of your prospective customers.

Sincerely,
