Dear Mr. Pelsler:

It was a pleasure to work with you and the Hunter-Davisson organization on the Reed College ETC and Library projects. We would like to take this opportunity to thank you for an exemplary job and hope that you, in turn, will express to everyone on your staff our appreciation of your firm's cooperation and professionalism.

The delivery of the air handling equipment prior to the completion of the roof structure was critical, and your timing was impressive. Your staff's coordination with regard to laying out the shafts and the mechanical piping was also exemplary and is a credit to your firm.

We look forward to working with you on future projects. We fully endorse your firm and invite you to use us as a reference.

Regards,

Douglas E. McQuown
