Attn: Greg Pelsler

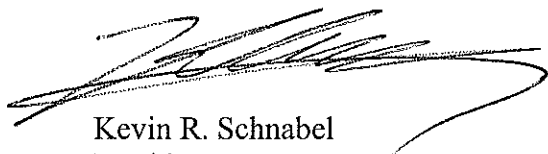

I would like to take this opportunity to express my appreciation for working with a company that is very conscientious and supportive of their subcontractors.

The field personnel and project manager on the Reed College – Education Technology Center/ Library Addition proved to be exceptional at coordinating the work on this multi-phased, multi-structured project.

Hunter-Davisson's quality, commitment and dedication to a project makes them a partner that we continue to enjoy working with on projects that require our expertise.

Please do not hesitate to use our firm as an industry reference.

Sincerely,

Kevin R. Schnabel  
President
